TAKING CARE OF SKIN

GETTING THE REAL TO IDEAL

OpsisClinical is a Clinic for Plastic, Reconstructive and Aesthetic Surgery.

The Clinic was founded in 2008 at Heraklion-Crete and patients are welcomed from all over the world.

OpsisClinical's Cosmeceuticals reflect the development of biological skin care products based on Crete's nature and Minoan tradition. Years of research in the latest advances in active ingredients and emulsion technology gives our products a unique efficacy and safety profile.

Our philosophy is taking a holistic approach to our patients by providing options, alternatives and expert advice. Our principle is giving you realistic expectations instead of marketing promotion.

We hope to achieve our goals and be pleased to improve ourselves.

PURE

ULTRA SMOOTHING NIGHT CREAM

Ultra Smoothing Night cream removes dead cells, reduces fine lines and improves the appearance of uneven pigmentation of the face, hands and décolleté.

It captures the power of the proven antiaging ingredients of grape, glycolic and salicylic acid to help improve severe photoaging with less irritation and redness.

Apply to freshly washed skin, leave it overnight and clean it with water the morning after. Avoid using the product if you've had previous allergic or hypersensitivity reactions.

For all skin types.

INGREDIENTS

Aqua, Glycerin, Alcohol Denat, Hydroxyethylcellulose, Panthenol, Salicylic Acid, Urea, Allantoin, Sodium Benzoate, Potassium Sorbate, Vitis Vinifera Extract, Hamamelis Virginiana Extract, Parfum, Ci 14720.
